

CARD SERVICES

End-to-end card personalization, issuance, and fulfillment—fast, secure, and certified.

OVERVIEW

EDC delivers high-volume card services that help banks, businesses, and government institutions issue and distribute personalized cards quickly and securely. From chip personalization to PIN printing and logistics, everything is handled with precision and certified for quality and compliance.

KEY FEATURES

- Instant issuance for ready-to-use credit, debit, or prepaid cards
- Secure PIN mailer generation and dispatch
- Card-to-collateral matching with multi-step verification
- Encrypted chip personalization and secure data handling
- Financial and non-financial card support (ID, loyalty, access)

BUSINESS BENEFITS

- Get cards into customers' hands faster
- Eliminate delays with onsite or branch issuance
- Reduce risk with fully verified and compliant packaging
- Ensure accuracy with certified chip and PIN processing
- Track and manage delivery with full visibility

USE CASES

- Issue bank cards with instant activation at branch level
- Deliver loyalty or rewards cards to customers
- Print and deliver access badges for employees or residents
- Deliver government ID or subsidy cards securely
